

## DOS BROS | CHATTANOOGA, TN

Dos Bros Fresh Mexican Grill has several locations throughout Tennessee and Georgia, providing a healthy selection of food to their clients. This fast-casual restaurant has used Contract Furniture to furnish their restaurants. Dos Bros strives to provide their customers with healthy, delicious food in a beautiful environment. We have worked with Dos Bros on several locations with cutting edge designs that vary on location. Our team loves Dos Bros Fresh Mexican Grill as they are not afraid to push the limits with design and are always a pleasure to work with.

One of the most recent locations had a fresh clean look and together we came up with a theme that met that vibe using pink and sage giving a Beverly Hills Art Deco vibe shown here.

A favorite for the brand is our Elbow Sidechair which has a mid-century modern look that is timeless, paired with a metal faux wood look frame that is robust for commercial environments!
