

EXTERIOR CUSHIONS

Cushions and Pillows for Exterior Dining, Lounging and Relaxing

The Contract Furniture Company cushion workshop hand crafts every cushion from scratch. We use the finest available Sunbrella fabric (or COM) for our covers. The cover material is available in several grades: Furniture grade, which is standard; Awning/ Marine grade, which is an upgrade and Firesist grade, when flame retardancy is a must. We also use the best available zippers and have a choice of fill. The standard fill is polyester wrapped exterior cushion foam. This standard foam will perform to a very high standard. The upgraded foam is called Ever Dry. Ever Dry is well known for its ability to stay dry, even in the most humid, rainy conditions. We offer several options that allow you to affix your cushion to your piece of furniture. They are: Fabric Ties, the most simple and widely used; Velcro Ties, which have a clean, efficient look and Combination Chaise Lounge Hood with ties or Velcro.

Your cushion covers do need care. We recommend that you contact your sales representative to learn about care instructions for your cushion fabric.
