

# TEAK - SHOREA WOOD

Our Shorea hardwood - like its close species, Burma Teak - grows naturally in the South Pacific. We bring Shorea-wood to you from the sustainably managed forests of Java and finish with non-toxic, pollution-free natural oils.

The only thing stronger than Shorea-wood is the mortise and tenon joinery holding it together. These joints withstand generations of usage. Precision craftsmanship of our mortise cuts and tight fitting tenons assures your long lasting installation.

Shorea-wood contains an abundance of natural oils. It's dense, heavy and hard.

Your frame comes with a 1 year structural warranty - limited to the original end use.

Travira Lounge extends the Travira collection into pool and balcony settings. With mixed materials, Travira combines classic styling with a modern look.

Strong aluminum, light grey metallic powder coated frames are available with natural or black sling seats and backs. Comfortable sling fabric allows for air circulation and requires no cushion. Teak armcaps are sculpted and standard on all models.

#### Designed Details

- Durable aluminum powder coat frames resist wearing
- Sculpted wood armcaps of Teak add contrast and warmth
- Leg endcaps provide protection from marring and scratching of surfaces
- Chaise lounge has a four position adjustable back that lays flat for total comfort
- Stacks for convenient storage

### Signature Collection

#### CUSTOM COLLECTION

SIGNATURE is based on the graceful design and remarkable craftsmanship of the Chadwick collection. It's an opportunity for you to proclaim your club or organization's personal identity, with remarkable detail achieved through a laser-engraving process. Fine lines, curves and intricate illustrations can be reproduced onto the wide center panel, providing for a personal statement that is integrated into the furniture. The engraved panel is inserted during the manufacturing process, becoming a permanent part of the bench.

#### DESIGNED DETAILS

1. Patented bench design (US Patent No. 6,644,750) allows you to create a custom laser-engraved bench that is one-of-a-kind.
2. Arms are sculpted using a 35° radius for a well-rounded, comfortable feel.
3. Signature custom collection has been enhanced with a deeper seat and more ergonomic back.
4. Mortise and tenon joint construction adds strength and longevity.

*Adding your company logo, a personal image or a message makes an enduring impression in any setting. The engraving area for the bench is 5½" wide while the armchair area is 4" wide.*
